Medicaid Technology

Purpose

This appropriation supports upgrades to the IT system that supports Medicaid claims processing and other health plan operations through the Medicaid Management Information System (MMIS).

Funding

The Department of Human Services was appropriated a total of \$14.4 million for technology upgrades from the Technology Reinvestment Fund (TRF) over a four-year period during the 2011 Legislative Session in HF 648 (FY 2012 Infrastructure Appropriations Act). In FY 2016, \$3.0 million that was scheduled to revert at the close of FY 2016 was transferred to the Rebuild Iowa Infrastructure Fund in SF 2324 (FY 2017 Infrastructure Appropriations Act). For estimated FY 2018, \$1.0 million was appropriated from the TRF.
